

Inspiring change. Achieving results.

Our mission

To build an environment in which all members of our Waco community are able to measurably improve their education, health and financial security.

The Prosper Waco Vision

Waco, Texas. Empowering every member of our community to maximize his or her potential.

Who we are & what we do

- Prosper Waco was formed in 2014 out of three pre-existing committees: Waco Poverty Solutions, Community Health Improvement and the Education Alliance.
- The Board of Directors includes Mayor Malcom Duncan, Jr. and eight other community members who provide governance, vision and goals.
- We are focused on addressing issues facing the Greater Waco community in the areas of education, health and financial security.
- The Prosper Waco initiative is based on the collective impact model, which addresses complex social problems through a focused, collaborative effort that is facilitated and guided by a “backbone” organization.
- Our model is guided by the work of FSG, a consulting firm focused on social impact that is leading the national collective impact movement.
- There are over 700 nonprofits in the Greater Waco area.
